Short Description

The Tennis Power Trainer Duo Pack includes our two most popular resistance training tools which can be used individually or in combination.

Description

The Tennis Power Trainer Duo Pack includes our two most popular resistance training tools which can be used individually or in combination.

Both provide unique benefits for warmups, resistance training and stroke development.

The Swing Max - Tennis Racquet Resistance Training Weight can be used to warmup or to develop your stroke power, control and consistency.

The Swing Sleeve - Tennis Racquet Resistance Training Sleeve is a tennis racquet sleeve that is used for resistance training. It can be used to warm-up, cool down or while performing various strokes.
